Overview

Australian College of Project Management's **Diploma of Project Management** is designed to equip participants with best practice project management skills and knowledge to ensure that projects deliver the outcomes your business requires.

The **Diploma of Project Management** comprises of training and assessment. The training component is a five day course that will provide practicing project managers with training in the key elements of project management as well as the opportunity to gain a nationally recognised qualification.

Modules and subjects

The Diploma of Project Management addresses the following Project Management Competency Standards within BSB07 Business Services Training Package:

- ◆ **BSBPMG501A** - Manage Application of Project Integrative Processes
- ◆ **BSBPMG502A** - Manage Project Scope
- ◆ **BSBPMG503A** - Manage Project Time
- ◆ **BSBPMG504A** - Manage Project Costs
- ◆ **BSBPMG505A** - Manage Project Quality
- ◆ **BSBPMG506A** - Manage Project Human Resources
- ◆ **BSBPMG507A** - Manage Project Communications
- ◆ **BSBPMG508A** - Manage Project Risk
- ◆ **BSBPMG509A** - Manage Project Procurement

Qualification requirements

To successfully attain the Diploma of Project Management participants must:

- ◆ Attend a five day Diploma of Project Management Workshop. This workshop finalises the formal learning and supports participants in the development of a workplace portfolio for the assessment.
- ◆ Complete a portfolio of work based evidence against assessment elements in the Assessment Record Book (with mentoring support available from the ACPM team of facilitators).
- ◆ Attend an assessment interview to present project evidence and discuss the application of project management competencies within the workplace.
- ◆ Complete the assessment within six months of the completion of the workshop.

Australian College of Project Management is the education division of Planpower – a project management company.

Together we form the project management services and education arm of UXC - a \$300m Australian owned ASX top 300 company. UXC is one of the fastest growing most profitable companies in the IT sector.

Recognition of Prior Learning (RPL)

Applicants who have gained appropriate levels of competence through previous studies, work and life experiences may be eligible to have their competence recognised towards the qualification. Please contact Planpower or ACPM for more information on the RPL process.

Articulation

The qualification articulates to the Advanced Diploma of Project Management.

Various tertiary institutions have recognised and awarded advanced standing credit for the Diploma upon application for such qualifications as a Graduate Certificate in PM, Graduate Diploma in PM, Graduate Diploma in Business Studies, Masters in PM and MBA.

Recommended entrance requirements

- ◆ Certificate IV in Project Management or equivalent experience and a working knowledge of the PMBoK®, AIPM, AS ISO 10006:2003 or equivalent recognised PM Standards.
- ◆ Participants must currently be working as a Project or Program Manager.
- ◆ We recommend that participants have a minimum of 2-3 years work experience in a project management environment and at least 2 years experience as a project/program manager in a medium to large organisation.

Professional outcomes and opportunities

Career opportunities include – Project and Program Management Roles.

Graduates of this program will be equipped to:

- ◆ have major or sole responsibility for all project management functions across the entire project lifecycle
- ◆ manage one or more projects that fall within a program
- ◆ practice under the control of a program manager or project director
- ◆ to monitor, control and finalise project management functions to best practice standards
